

The Lion Dick Brule Community Centre is a community based facility whose primary function is to provide space for Ottawa residents to meet and celebrate. As such, it is important that we maximize facility availability on weekends and holidays.

We often receive requests from various individuals and groups to process applications for multiple rentals over a number of weekends. By accepting these multiple rentals, we greatly diminish the level of availability for individuals or other groups in the community.

To provide equal opportunity for Hall rental for all groups and individuals, we will no longer approve rental requests seeking multiple dates involving the weekend, i.e. from noon on Friday through Sunday Evening. Applicants may apply for a second rental only after their first rental has been completed.
